## The Carman Mistrial.

As was expected, Mrs. Carman was not convicted of murder. There is surprise however over the failure of the jury to agree upon a verdict. The verdict, or rather the failure of those twelve men to reach a verdict, is a pretty clear indication of public opinion in reference to the case. Some people believe Mrs. Carman guilty of murder and should be punished. Some believe she killed Mrs. Bailey but feel that Mrs. Carman should be given the same consideration that would have been shown Dr. Carman had he killed a man about Mrs. Carman under like conditions and circumstances. Some have doubts about her guilt, and would not have convicted her were they on the jury. Others, and we believe, they are not numerous, believe she is innocent and should have been acquitted.

To our thinking, Dr. Carman is the worst criminal in this whole deplorable affair. The question is, will this matter send him into deserved obscurity and bring up on him merited unpopularity and withdrawal of patronage and support. In their relations with men and women the physician is supposed to stand morally in a class with the minister of the gospel. The standard in both professions or callings, needs tuning up.

## NOTES FROM CLAFIN.

Orangeburg, October 16.—We have two bales of cotton sent in by our patrons for which we have allowed them ten cent per pound.

Over three hundred mostly upper class students, have been enrolled.

Dean Lewis is taking hold with a strong hand and the student body are delighted with him.

Miss Ann Rushton of New York left in her will two thousand dollars to Clafin. We have been notified that the money is ready to be paid over.

The Clafin Farm and Track Farm have been unusually successful this year. We will have corn and sweet potatoes to sell.

The Clafin heating plant has been thoroughly over heated this summer at an expense of over two thousand dollars. A model Laundry has been completed and equipped during the summer at an expense of about five thousand dollars. The girls will appreciate the inside dryer that dries the clothes in a few moments while you wait. The dryer cost about three hundred dollars.

The churches and the schools must be maintained even if cotton sells at a low price.

Clafin will allow ten cents for cotton in settlement for old accounts.

The home for self-sustaining girls under the care of Mrs. Witherspoon bids fair to be crowded this year.

Despite the low price of cotton Clafin opened with twenty-five more students than were enrolled the same date a year ago.

The Clafin Business College under the direction of Miss Julia H. Dorsey has put in a set of new Underwood Type-writers, and is prepared to train both men and women in all business

methods.

The University offers this year superior instruction in Piano Music. Advance students wishing to complete their musical education should take advantage of this new opportunity.
